

Advertising on www.howthweather.com / www.islandbawn.com

Hi and thanks for your interest,

I have decided to allow a limited number of businesses advertise on the site after a number of years with no commercial links subject to the following conditions;

- There will be no charge for the advertisement or banner makeup
- The duration an add will be online will be up to my discretion but will mainly depend on the interest expressed as I think I will limit the number online at any time to about 10.
- The banner will be displayed randomly and will be outside of my control
- If you want you can have you graphic designer make up a banner for you, I can send you on the requirements.
- It will be on a first come first served basis.
- You do not have to be a business ie I will put up banner for a club, group etc.

Why you may ask would I do this for free;

The site gets about 300-400 page loads per day with about 150-200 unique visitors, I expect a lot of these are returning visitors although my counter tells me only about 10%. I would like to pass this benefit onto local businesses (plus my own which isn't local) and as a service to the visitors of the site. I regularly get emails about where to eat, what's the water temperature like, is there a bus service etc etc.

Will I break my guild line? I might email me.

Of course as this is free I reserve the right to change everything

Take care and look forward to hearing from you, don't be shy!

Marc Patton.
